MEMBERS PRESENT Refer to sign in form

INTRODUCTION OF GUEST Bud Lathrop

REVIEW AND APPROVAL OF MINUTES Bud Lathrop

- Minutes for August approved and seconded

TREASURERS REPORT Bud Lathrop

- No change noted

COMMANDERS REPORT Bud Lathrop

- See Operations Office Report

OPERATIONS OFFICER REPORT Noel Urban

- Discussion centered around how the roster appears on the web site. Suggestions included moving the roster to a secondary page with password protection, or making a more secure password for access. A tentative decision was made to move the roster to a second layer page with a unique password for access.
- Conversation continued on the possible need for a cell phone booster when we have someone in the field. Farrell Harris noted the different types of boosters that are available and the possible draw-backs to each and the prices. Dan Berry noted that he could get a booster from on friend to try out.
- Law enforcement radio tested again with some success. Reception and xsmit functions we intermittent when tested by Scott DeArman. The most common use of this radio would be communication with a unit on the ground i.e. a sheriff's vehicle and would work well.

FLIGHT SAFETY OFFICER REPORT Farrell Harris

- A training exercise was proposed for the 1st week of November and to coincide with a summer BBQ.

ADJUTANT REPORT Ray Pfeffer

- Working file cabinet keys were distributed to the board.

UNFINISHED BUSINESS Bud Lathrop

- Sample of flight wings were shown to the members for a decision on the style that is preferred. Price of each seems to fall around $29ea. Scott DeArman will move forward on acquiring 20.
- Patches and rockers have been re-ordered.

NEW BUSINESS Bud Lathrop

- No other new business discussed

MEMBER COMMENTS Members

- None

NEXT MEETING DATE Bud Lathrop

- 31 October 2012 @ 1900hrs

ADJOURNMENT

- 2000hrs
