ADJUTANT'S REPORT Dana Hoch

- We flew in a joint training and Cold Case search (Keely Culver) on Dec 9,2017. Farrell Harris piloted while Scott DeArman looked for interesting objectives. Dana discussed the possible errors that were made in the areas covered and how the coordinates were not being relayed in an understandable manner. Dana will draft a document explaining the coordinate system we use and how to convey that properly.
- A thank you was received from Mike Olsen for the donation to ERAU for John Olson.

COMMANDER'S REPORT Dan Berry

- Dan discussed the last few missions that we had and some missed opportunities. He also mentioned that his tenure was coming to an end and we needed some new members that are pilots with airplanes.

OPERATIONS/SAFETY OFFICER'S REPORT Abner Cassidy

- Abner would like to retry the training mission that was interrupted last year by a real mission. This would take place in the Paulden area and involve multiple targets. He will look into the possibility of involving some of the other SAR units. Tentative date was set for March 17th. Dana will brief those participating from the airport and Abner will coordinate from the ground Command Center.
- There is to be a WINGS presentation by the NTSB at ERAU Bldg. 16(Lower Hanger) on Feb.15th at 1900

MEMBER COMMENTS. Members

Dan mentioned that we could hold a get together of all members at his place, but probably not all would appreciate travelling the back roads to his place. It was mentioned that Barnstar Brewing could be a likely place to host it, located near Tonto Rd. and Contreras.

A suggestion was made that we could have some guest speakers from other groups (YCSO, YCSRT, Air Traffic Control, etc.) in the future.

Mike mentioned that the airport would be milling the runways and upgrading to LED lights this summer and that a new Airport Manager, a female from ERAU, would be starting soon.

Bud talked about the International Police Association and how he has used their services as ambassadors while visiting other countries. He encouraged us to look into joining.

ADJOURN

The meeting was adjourned at 2009.

The next meeting will be March 14, 2018.
